Dear amiable parents,

We give all glory to God for an end of a great academic and successful session. Your positive role in the success recorded, particularly this third term cannot be over- emphasized. The safety and the security of all our children, which has been our utmost priority, has been fully guaranteed and achieved throughout the session. Your co-operation during this raining season essentially is highly commendable, in ensuring that the children are not exposed to the cold and the rain.

Recall that the overall development and sustenance of a successful child is hinged on an effective partnership between the school and the home, we strongly appeal that this partnership should be sustained for greater success in future. In the same vein, we encourage you to do more in the area of instilling discipline and moral value in our children. This will greatly ease our burden and fasten our academic cum moral task in the school.

We need to intimate you and keep you abreast of our activities in the just concluded term and certain things expected of you as we earnestly prepare for a new session come September.
